Entrance exam update

We have decided to cancel our open evening on May 13 due to COVID-19. The School plans to hold an event near the end of the academic year, most likely in July. I will write to primary schools when a date has been identified. We will keep you updated through our website.

In the meantime, our prospectus will appear on line after the Easter holidays and our registration process for September 2021 entry will commence on May 14, when you can complete the online form. A link will appear on the website from this date.

We intend to hold our two entrance exams on Saturday 5th September and Saturday 19th September as planned. Please note the admission process is administered by the local authority and so might be subject to change.

Alistair Hopkins
Headmaster
